Nikesh Uprety

I am Nikesh Uprety from Gothgaun, Morang currently staying Dilli Bazzar, Kathmandu. I did +2 in science faculty and now I have joined Softwarica College of IT for my Bachelor's Degree. I am an enthusiast who wants to learn about technologies and how we are all interconnected with these technologies. I am quite a loner as I like my own company but I also like to hang out quite often with my friends and family.
I like to play video games, watch sci-fi movies/series, edit videos, and many more.
